

Supervisor BWC Labeling Review Tutorial

1. Use the search pane "Time and Date" "Range" select "User" under the "Filter" section.
(Note: you can also select "Last __ days" in the "Time and Date" filter and input the last number of days you wish to view i.e. 30)
2. At the bottom of the search pane, a search field will appear to search for a specific deputy.
3. Select the correct deputy and press the search button at the top right of the search pane.

The screenshot shows the Axon Commander 4.9.0.9 interface. The search pane is active, showing the following settings:

- Search:** A search bar with a "Search" button.
- Geo-fence:** A "Coordinates" field and a "Clear" button.
- Time and Date:** A section with radio buttons for "Any time", "Last 5 days", and "Range". The "Range" option is selected. Below it, "From" is set to 2018/01/01 00:00:00 and "To" is set to 2018/01/31 23:59:59.
- Filters:** A section with a list of filter categories: All Files, Bookmarks, Areas, Sources, Servers, Folders, Cabinets, Users, and Tags. The "Users" filter is selected.
- Users:** A table showing the results of the search for "Users".

User ID	Username	First Name	Last Name
SDSHERIFF.COM/JDIASXSH	SDSHERIFF.COM/JDIASXSH	Juliet	Dias

At the bottom of the search pane, there is a "Search for:" field with the text "Dias" entered.

4. BWC videos from the specified date range for the selected user will populate.
5. Next, place the computer mouse over each BWC video thumbnail to verify a "Title," "Category," and Event Number (one that does not have "-CAD" at the end) is labeled.

The screenshot displays a web application for managing Body Worn Camera (BWC) videos. At the top, there's a header with 'Assets' and navigation options like 'View', 'Sort results by', and 'Results per page'. Below this, a filter for 'February, 2018' shows 4 results. A row of four video thumbnails is shown, each with a title 'Cole', a date, a time, and a duration. The first thumbnail is selected, and a detailed preview is shown below it. The preview includes a video player and a sidebar with 'Asset info'.

Asset info

- Title: Cole
- Start time: Feb 23, 2018 12:21:08
- Duration: 1m26s
- Owner: SDSHERIFF.COM\JCOLE2SH
- Area: taser body cam 2
- Source: taser body cam 2 - X81135185
- Camera: X81135185 Extension: MP4
- Tag: Category => 'I O - INFO ONLY'
- Tag: Event Number => 'E4779016'
- Tag: Event Number => 'E4779016-CAD'

At the bottom of the interface, there's a navigation bar with 'First', '1', and 'Last' buttons, and a status bar showing 'Showing 1 - 4 of 4 item(s)'. A toolbar with icons for 'Verify', 'Export', 'Convert', 'Burn', 'Report', and 'Tag' is also visible. The bottom right corner shows the system time as 7:45 AM on 2/24/2018.

6. If there are BWC videos that do not have all the proper labels, the BWC video creator should be notified to make the correction.
7. Individual deputies are able to review their own BWC videos using the same search technique to determine if they have any unlabeled videos as well.
